At **Melbourne Dance Company** we understand that every child is unique. We pride ourselves on our ability to bring out the best in our students by relating to each individual, learning what works for them & adapting our teaching methods when required. We take time to listen to them, understand them & encourage them, all while giving them the best quality training we can offer. Whilst it is important to us that they are learning and improving, it is even more important to us that they are happy, smiling and cannot wait to come dancing each week.

For us to properly mentor and teach each student to the best of our ability, it is important to make sure that each student is in the right group. Group allocation is at **discretion of the teachers**. If a student's age places them into multiple groups, we will ascertain what group is the best fit after the free trial/s. We allocate students to the groups based on various factors. Some of these include (but are not limited to); age, experience, group sizes/capacity, student relationships, maturity, leadership opportunities etc. We always make these decisions based on what we believe is best for the student and their individual development. Each group receives the same training, commitment & compassion from our teachers.

Does this sound good to you? Want to see what we have to offer?

Checkout our Timetable on the next pages. If you are ready to book a trial, go ahead and put in the details in the "**Book a FREE Trial**" section of our website.

Alternatively, if you are just after some more information for now or have a few more questions, complete the "**Contact Us**" section and we will get back to you ASAP.
